

K 7207: Diode on Heat Sink

- For SELV and PELV
- With locking hook for mounting on a mounting rail

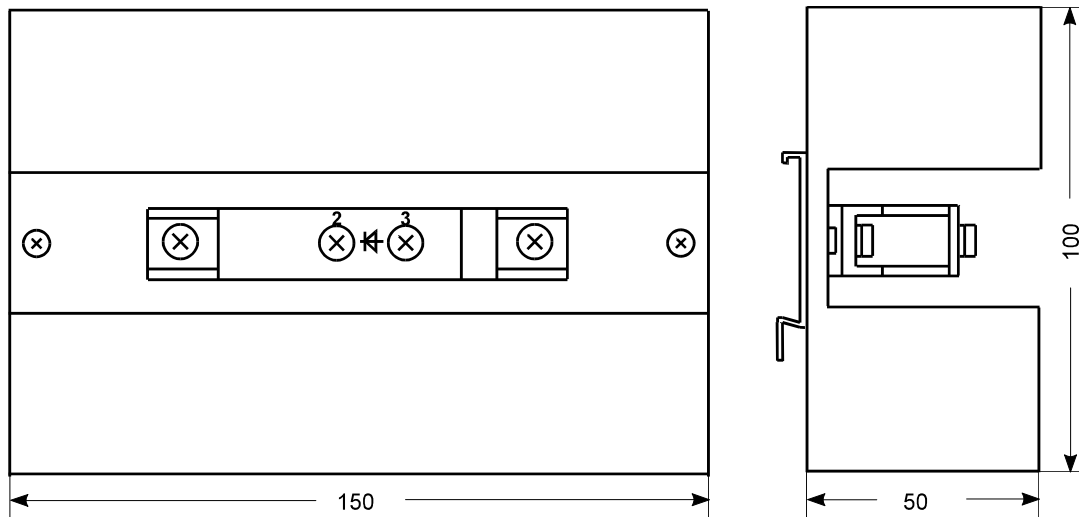

Figure 1: View of Diode on Heat Sink

Operating voltage	SELV or PELV with 24 VDC or 48 VDC
Loadability	
with vertical mounting position*	25 A max.
with horizontal mounting position	16 A max.
Connection	M5 screws
Mounting	on a NS 35 mounting rail in accordance with EN 50022
Weight	0.75 kg

Diode Data (Type SKKE81/04, Manufacturer: Semikron):

Conducting state voltage 0.85 V typ.

* with vertical mounting position, maintain a distance of ≥ 150 mm between the heat sinks if several K 7207 are positioned one upon the other!
